Registry

Exempt of registration with the I.C.S. under the terms of paragraph A) of N. 1 of article 12. of Regulatory Decree no. 8/99, of 9 June.

Legal Deposit

86.955/95

Periodicity

Quarterly Publication
ISSN: 2795-4552

Journal referred in Index Medicus, Medline, Pubmed since January 2006.

Journal selected for coverage in Thomson Reuters products and custom information services.

This publication is indexed and abstracted since January 2007 in the following:
• Science Citation Index Expanded (also known as SciSearch®)
• Journal Citation Reports/Science Edition

The total or partial reproduction of articles and figures is prohibited without prior authorization from ARP Rheumatology.

Citations or transcriptions of small excerpts of text are excluded as long as the source is mentioned.

Sumário

MENSAGEM DE BOAS-VINDAS	7
COMISSÃO CIENTÍFICA E COMISSÃO ORGANIZADORA DO CONGRESSO	8
SESSÕES	
SESSÃO I - ECOGRAFIA EM REUMATOLOGIA: PARA ALÉM DAS ARTICULAÇÕES...	
• Glândulas salivares na Doença de Sjögren	10
• Pele na esclerose sistémica	10
• Músculo esquelético no âmbito das miosites	10
SESSÃO II - OSTEOARTROSE DA MÃO: A NECESSIDADE IMPERATIVA DE UMA VISÃO MULTIDISCIPLINAR OU INTERDISCIPLINAR?	
• A visão do reumatologista	11
• O papel do fisiatra	11
• A janela do cirurgião ortopédico da mão	11
SESSÃO III - ATUALIDADES NA ARTRITE REUMATOIDE	
• Como utilizar os corticosteroides em 2025?	12
• Terapia combinada de bDMARDs e de tDMARDs	12
• Artrite reumatoide e insuficiência cardíaca	12
SESSÃO IV - DOENÇAS SISTÉMICAS EM REUMATOLOGIA	
• Calcinose nas doenças difusas do tecido conjuntivo: o estado da arte em 2025	13
• Videocapilaroscopia ungueal nas conectivites: importância diagnóstica, prognóstica e na monitorização	13
• Lúpus Eritematoso Sistémico: o ano em revisão	13
SESSÃO V - SESSÃO LUSO-BRASILEIRA - VASCULITES EM REUMATOLOGIA	
• Doença de Behçet difícil de tratar	14
SESSÃO VI - HOT TOPICS EM OSTEOPOROSE	
• Biomarcadores: progressos e consensos	14
• Tratamentos dentários em doentes sob agentes anti-reabsortivos e risco de osteonecrose da mandíbula: como proceder?	15
• Terapêutica combinada e sequencial	15
SESSÃO VII - ESPONDILARTRITES EM DEBATE	
• Implicações para a prática clínica da utilização dos índices compostos na Apso	15
• Discrepâncias na resposta à terapêutica em doentes com espondilartrite axial: uma questão de foco no alvo certo? O controlo da dor é o objetivo primordial	16
• Discrepâncias na resposta à terapêutica em doentes com espondilartrite axial: uma questão de foco no alvo certo? O controlo da inflamação é o objetivo primordial	16
SESSÃO VIII - DOENÇAS REUMÁTICAS SISTÉMICAS: NOVAS PERSPETIVAS	
• Applicability of CAR-T Cells in the treatment of refractory systemic rheumatic diseases	16
• Miopatias inflamatórias: novas perspetivas terapêuticas	17
COMUNICAÇÕES ORAIS	
• 007 - Mental Health Burden in Idiopathic Inflammatory Myopathies: a comparative population-based study	20
• 008 - How calculating consensus change scores can go wrong: lessons from multi-reader imaging assessments in axial spondyloarthritis	21
• 013 - Emmapalumab's role in a severe and treatment-resistant paediatric macrophage activation syndrome	23
• 048 - Romosozumab improves bone mineral density without affecting disease activity in multiple myeloma: a 12-month prospective study	23
• 059 - Whipple's Disease in Rheumatology: Insights from a Portuguese Multicenter Series	25
• 070 - Pain beliefs in adolescents: a comparative analysis of patients with juvenile idiopathic arthritis and a population-based cohort	28
• 074 - A case of refractory polyarteritis nodosa treated with high-dose tofacitinib	30
• 077 - Difficult-to-Manage Axial Spondyloarthritis: a tertiary centre experience	31
• 081 - Not Just HIV: One Patient, Two Diagnoses	31

Sumário

• 082 - Drug-Induced Systemic Lupus Erythematosus associated with Tumor Necrosis Factor-Alpha Inhibitors: a retrospective study using real-world data from the EudraVigilance Database	31
• 090 - Teriparatide in osteoporosis treat-to-target approach	34
• 113 - Capillaroscopic findings in Primary Raynaud's phenomenon across age groups: Data from CAPRAS registry	35
• 136 - Parvovirus B19 infection presenting as polyarthritis: a nationwide clinical and epidemiological study	36
• 138 - The role of serum uric acid in Psoriatic Arthritis: can it be used as a disease activity marker?	38
• 142 - PARES Project (Patients Support to Rheumatology in Specialty and Society) – “Students’ Perceptions of the Learning Model Involving Patient Educators – A Pilot Study”	39
• 157 - Exploring the Link: Systemic Sclerosis and Peripheral Arterial Disease – data from a tertiary center	40
• 160 - Salivary gland ultrasound in Systemic Sclerosis: overlap with Sjögren's Disease or just a look-alike?	43
• 161 - FrailSpA - Understanding Frailty in Axial Spondyloarthritis: risk factors, patient outcomes and the link with sarcopenia and osteoporosis	45
• 162 - Knowledge and Perspectives on Cannabinoid-based Therapies for Chronic Pain: a comparison between Rheumatologists and Patients in Portugal	47
• 170 - Juvenile Idiopathic Arthritis (JIA) with Chronic Anterior Uveitis: long-term progression and classification insights from a National Reuma.pt Study	48
• 182 - Radiofrequency Echographic Multi Spectrometry (REMS) technology in the evaluation of glucocorticoid-induced osteoporosis in systemic lupus erythematosus patients	51
• 205 - Fast-Track clinics improve visual outcomes in Giant Cell Arteritis: a meta-analysis	52
• 207 - Cardiovascular events in patients treated with romosozumab and other anti-osteoporotic agents: a comparative analysis using Real-World Data	54
• 222 - Clinical and prognostic differences between male and female patients with giant cell arteritis	56

POSTERS – TRABALHOS ORIGINAIS

• 004 - Interstitial lung disease in Sjögren's Disease: the portrait of a national cohort	60
• 014 - Upadacitinib treatment in moderate to severe Rheumatoid Arthritis patients; real world data from the Portuguese registry REUMA.PT – RAPORT STUDY	60
• 021 - The value of neutrophil/lymphocyte and platelet/lymphocyte ratios in the diagnosis and follow-up of rheumatoid arthritis-related interstitial lung disease – a single centre study	64
• 024 - Sexual Dysfunction in Female Patients with Systemic Sclerosis: Preliminary data from a Multicentre Study	66
• 026 - Is serum procalcitonin reliable for identifying septic arthritis and bacteremia?	68
• 032 - Functional sarcopenia phenotype in systemic sclerosis: preliminary results from a cross-sectional study	69
• 033 - Efficacy and safety of denosumab in patients with chronic kidney disease: a retrospective observational study	71
• 039 - Denosumab for Paget's disease: a systematic review on a renal-friendly alternative	73
• 042 - Pulmonary hypertension in connective tissue disease: insights from the Reuma.pt national registry	76
• 043 - How prevalent are anti-Elastase antibodies in Granulomatosis with Polyangiitis?	79
• 044 - Predictors of bacteremia in septic arthritis: a single center study	79
• 046 - SISBEM Sistema Integrado de Saúde e Bem-Estar Multidisciplinar	81
• 049 - Sarcopenia predicts poorer mobility after hospitalization with a fragility hip fracture	81
• 051 - Long-term fracture incidence and predictors in systemic lupus erythematosus patients: data from reuma.pt	82
• 052 - Major organ involvement predicts major adverse cardiovascular events (MACEs) in systemic lupus erythematosus: data from reuma.pt	84
• 054 - Pregnancy Outcomes in Rheumatoid Arthritis and Polyarticular Juvenile Idiopathic Arthritis: Insights from Multidisciplinary Rheumatology-Obstetrics Collaboration	85
• 057 - Safety of bDMARDs during pregnancy in patients with rheumatic diseases and its impact in newborns: data from a tertiary centre.	87
• 066 - Maternal-fetal outcomes and risk Factors in idiopathic inflammatory myopathies: a Portuguese multicenter cohort study	90
• 067 - Association between esophageal symptoms and high-resolution manometry findings: enhancing motility assessment with the multiple swallowing test	91
• 068 - Alopecia areata em doentes sob terapêutica biotecnológica na ULSTMD	92
• 069 - Predictors of visual symptoms at diagnosis in Giant Cell Arteritis: a retrospective cohort study	94

Sumário

• 071 - Applicability and diagnostic Value of Chicago Classification 4.0 in assessing esophageal motility disorders in Systemic Sclerosis: a retrospective single-center study	95
• 075 - Can tuberculin skin test be influenced by skin thickening in Systemic Sclerosis?	96
• 078 - Agreement between classification criteria in Antisynthetase Syndrome: a cohort study	98
• 079 - Anti-Synthetase Syndrome: experience from a Tertiary Center	99
• 095 - Efetividade do biossimilar de etanercept ERELZI® em doentes com artrite psoriática: um estudo unicêntrico de vida real	100
• 096 - Study Protocol: Development and validation of a machine learning model to predict Juvenile Idiopathic Arthritis activity using Reuma.pt database	101
• 100 - Impact of the 2023 ACR/EULAR Classification criteria on pregnant women with primary antiphospholipid syndrome followed in a Rheumatology-Obstetrics Joint Clinic	102
• 106 - Infecções Micobacterianas em doentes reumáticos sob Anti-TNFα: Uma série de Casos Clínicos	104
• 107 - Efficacy and safety of first-line biologic DMARDs in Rheumatoid Arthritis patients with chronic kidney disease – a systematic review of literature	105
• 119 - Switching between etanercept biosimilars in rheumatoid arthritis: a real-world monocentric study	107
• 126 - Histopathological and serological interplay in Sjögren's Disease: the role of complement dosing	107
• 127 - Nailfold capillaroscopic findings in ever smokers: results from CAPRAS	109
• 128 - Applying the ASAS definition for difficult to manage and treatment-refractory axial spondyloarthritis: a single centre cross-sectional study	110
• 131 - Vaccination status in patients undergoing biotechnological therapy at a national Rheumatology center – An observational study	112
• 133 - Capillaroscopic features in Systemic Sclerosis: a comparative study of patients positive for Anti-Centromere and for Anti-topoisomerase I Antibodies from the CAPRAS Registry	113
• 134 - Implementação do Fracture Liaison Service na Reumatologia: resultados preliminares no Hospital do Divino Espírito Santo	114
• 139 - Relationship of PsAID-12 and disease activity measures in Portuguese patients with Psoriatic Arthritis: a monocentric study	115
• 149 - Interstitial lung disease in mixed connective tissue disease: a distinct clinical pattern compared to systemic sclerosis and myositis?	117
• 154 - Safety and effectiveness of biologic therapies in the treatment of systemic lupus erythematosus	119
• 159 - Fatigue impacts the quality of life of patients with myositis, regardless of age, sex, and muscle strength	120
• 165 - Prevalence and characterization of liver disease in systemic sclerosis: a multicentric cohort study	121
• 168 - Real-World outcomes following a switch from Benepali® to Erelzi® in patients with axial spondyloarthritis: a single-center study	122
• 169 - Key features of paediatric Sjögren's Disease: a portuguese cohort overview	124
• 171 - Real-World Management of Osteogenesis Imperfecta in Adults: A Cohort from a Tertiary Center and Narrative Literature review	125
• 173 - Osteoporosis in primary biliary cholangitis: prevalence predictors in a portuguese cohort	125
• 176 - Survival after teriparatide: the cost of treatment gaps	126
• 177 - Post-teriparatide management: comparing the impact of denosumab and bisphosphonates in bone mineral density	128
• 178 - Longitudinal evaluation of bone status with Radiofrequency Echographic Multi Spectrometry (REMS) technology in a peritoneal dialysis cohort	129
• 189 - Outcomes of children born to women with axial spondylarthritis with and without in utero exposure to biologic disease modifying anti-rheumatic drugs	131
• 195 - Chronic Kidney Disease - Mineral and Bone Disorder: demographic and clinical differences in a cohort with proximal femur fragility fracture	135
• 196 - Intima-media thickness of carotid arteries in systemic sclerosis: an updated meta-analysis	135
• 197 - Clinical profile of early-onset osteoporosis: insights from a portuguese tertiary center	136
• 201 - Validation and clinical interpretability of Portuguese PsAID - psoriatic arthritis impact of disease in the Portuguese population- Preliminary analysis	137
• 202 - Ultrasonography features of A1 Pulley as a predictive tool of response to glucocorticoid injection in trigger finger	139
• 209 - Chronic kidney disease - mineral and bone disorder: therapeutic differences in a cohort with proximal femur fragility fracture	140

Sumário

• 218 - The reality of osteoporosis in primary healthcare: an observational study in a Portuguese region	141
• 219 - Extra-skeletal manifestations and functional outcomes in a cohort of adults with Osteogenesis Imperfecta: a retrospective study from a rare bone disease clinic	141
• 220 - Re-fracture rate after hip fracture in a tertiary center: a premise for the creation of a Fracture Liaison Service	142
• 221 - Rare bone diseases in adults: a retrospective study of 13 cases of osteogenesis imperfecta	143
• 226 - Fatores associados a mortalidade e fratura em doentes com osteoporose - Um estudo retrospectivo	144
• 230 - Anti-SSA, Anti-SSB and Anti-Ro52 in systemic sclerosis: more than just sicca?	145
• 232 - Comparison of disease features between primary and secondary antiphospholipid syndrome: a retrospective analysis of 81 patients followed at a tertiary center	147
• 237 - Clinical and immunological features of inflammatory myopathies with arthritis: results from a Portuguese tertiary center	147
• 239 - Osteoporose: para além do osso – caracterização de uma população como base para a otimização dos cuidados de saúde	150
• 243 - Hypertrophic osteoarthropathy: just the tip of the iceberg in a challenging case series	151
• 244 - Cardiac manifestations as an early and pivotal feature in eosinophilic granulomatosis with polyangiitis: a multicentric portuguese case series	151
• 245 - Multifactorial explanatory model of fatigue in patients with systemic sclerosis: a structural equation approach	154
• 246 - Anifrolumab: a treatment option for refractory SLE - experience of a lupus clinic	156
• 247 - Clinical and phenotypic characterization of Fibrous Dysplasia Patients in a portuguese multidisciplinary rare bone diseases clinic	157
• 249 - 30 Years of ANDAL: a journey of advocacy, education, and impact in juvenile rheumatic musculoskeletal diseases	158

POSTERS – CASOS CLÍNICOS

• 001 - Pregnancy and Lactation-associated osteoporosis: an often overlooked condition	161
• 018 - Entre articulações e pericárdio: o papel do anakinra na artrite reumatoide	161
• 020 - Tocilizumab as a treatment option in Sjogren Syndrome with associated Lymphocytic Interstitial Pneumonia	162
• 022 - Pleuropericardial serositis as a manifestation of rheumatoid arthritis reactivation	163
• 027 - Anti-elastase ANCA-associated vasculitis as Granulomatosis with Polyangiitis	164
• 028 - Necrose avascular da cabeça do fémur – diagnóstico precoce ... e depois?	165
• 029 - Sarcoidose, um desafio diagnóstico (a propósito de 3 casos clínicos)	166
• 036 - Osteoporose secundária a mastocitose sistémica: um caso clínico	166
• 045 - Syphilis and autoimmunity: case report with positivity for lupus-specific autoantibody (Anti-SM)	167
• 047 - Colonic volvulus and intravenous immunoglobulin in systemic sclerosis: a case report	169
• 058 - Beyond Polymyalgia: an unexpected diagnosis in an elderly man	169
• 062 - A utilização de imunoglobulinas intravenosas num caso refratário de dermatomiosite	170
• 064 - Can long-term Osimertinib therapy contribute to Osteoporosis?	171
• 065 - Lymphocytic Interstitial Pneumonia associated with Sjögren's disease: a rare pulmonary manifestation with complete resolution following immunosuppression	172
• 076 - Escleromiosite: uma conectivite em disfarce — o valor do diagnóstico integrado	173
• 084 - Pembrolizumab-Associated Digital Gangrene: a case report	174
• 085 - A peça do puzzle que faltava	175
• 087 - A rare diagnosis of Kikuchi-Fujimoto Disease: The relevance of sustained clinical follow-up	176
• 088 - Myocarditis in mixed connective tissue disorder – a case report	176
• 102 - Interstitial Granulomatous Dermatitis: A Rare And Underrecognized Manifestation of Systemic Lupus Erythematosus	177
• 104 - Efeito Adverso Raro e Grave da Imunoterapia: Miosite, Miocardite e Miastenia em doente sob pembrolizumab	178
• 108 - Eosinophilic Granulomatosis with Polyangiitis with a Polymyalgia Rheumatica-like Musculoskeletal Flare: a diagnostic and therapeutic challenge	179
• 110 - Osteomalácia: Um retrato clínico de uma causa esquecida de fraturas de fragilidade	180
• 112 - Simultaneous bilateral atypical femoral fracture with Denosumab	181

Sumário

• 115 - When pleuritic pain hides a shrinking lung	182
• 118 - Osteoporosis associated with a PLS3 gene mutation: a case report	183
• 120 - Not always polymyalgia rheumatica: unmasking cyclosporine-Induced Myopathy	183
• 123 - A unique case of coexistence of Hajdu-Cheney Syndrome and a mild vascular Ehlers-Danlos Phenotype: clinical and genetic insights	184
• 124 - Síndrome compressiva pélvica em contexto de síndrome de Sjögren: quando a dor não é só psicogénica	185
• 125 - Síndrome hemofagocítico em doente com LES e SAAF: diagnóstico complexo e desfecho de alto risco	185
• 129 - A case report of scleredema and retroperitoneal fibrosis	186
• 130 - When the eye comes first - Case Report of scleritis as the first manifestation of Rheumatoid Arthritis	187
• 132 - Cubital Tunnel Syndrome - clinical case report of a not so common cause	188
• 135 - Immune checkpoint inhibitors and the cost of activation: a case series and clinical reflections	188
• 137 - Pseudo-rheumatoid nodules: when histopathology confuses us	189
• 141 - Wrist Drop: a rare case of iatrogenic radial mononeuropathy	190
• 144 - Adalimumab-Induced Neutrophilic Panniculitis: a rare cutaneous adverse reaction	191
• 145 - Envolvimento miocárdico precoce em doentes com Esclerose Sistémica	192
• 146 - PET/CT in Primary Hyperparathyroidism: a case report	193
• 147 - Late diagnosis of axial spondyloarthritis in patients with giant cell arteritis	194
• 148 - Lombossacralgia persistente em doente com história de brucelose	196
• 150 - O impacto terapêutico de suspeitar de Síndromes de Schnitzler e Schnitzler-like	196
• 151 - Vasculite por IgA no adulto com manifestação prodrómica paraneoplásica?	198
• 152 - Multisystemic manifestations of IgG4-RD: challenges in timely recognition and treatment	198
• 153 - Methotrexate and bone health: when common therapy turns into a risk	199
• 155 - Sarcoidosis diagnosis after successful treatment of Cushing's disease	200
• 156 - Derrame Pleural na Artrite Reumatoide: reforçando a importância da suspeição clínica	201
• 163 - Challenges in managing Necrotizing Fasciitis in a patient with Systemic Lupus Erythematosus: a complex case	202
• 164 - Chondritis - a dermatomyositis manifestation, paraneoplastic sign, or both?	203
• 166 - Pacinian Corpuscle Hyperplasia: a case series of two patients	204
• 167 - Transient Lupus-Like Syndrome: rethinking the spectrum of autoimmune disease	205
• 174 - Low-Titer MPO-ANCA and Pulmonary Fibrosis: unmasking a silent vasculitis	206
• 175 - Nail-Patella Syndrome: uncovering vascular involvement beyond skeletal abnormalities	206
• 179 - Acute Myocardial infarction as a rare manifestation of Behçet's Disease: a case report	207
• 183 - Hypothyroid myopathy: a rare yet reversible cause of muscle weakness	208
• 184 - Rheumatoid, psoriatic or reactive arthritis? a clinical case report	209
• 185 - Beyond Behçet: unveiling Trisomy 8 - Associated Autoinflammatory Disease (TRIAD) in a paediatric patient	209
• 190 - Esclerose óssea axial - o desafio do diagnóstico da osteomesopicosis	210
• 193 - Quando a hidroxicloroquina não é a melhor opção: Um caso de trombocitopenia secundária a hidroxicloroquina	211
• 194 - Delayed diagnosis of x-linked hypophosphatemia in adulthood: a case report	212
• 198 - When arthritis isn't just arthritis: the hidden thyroid factor	213
• 203 - Expanding the spectrum of AIRE-Related Autoimmunity: a case of primary Sjögren's disease in early childhood	213
• 210 - Cutaneous Lupus-like presentation of T/NK-cell Lymphoma in an Immunosuppressed Patient: a diagnostic challenge	214
• 212 - Renal Thrombotic Microangiopathy induced by Etanercept: a case report	215
• 213 - Erythema Multiforme in a Patient with RS3PE on Corticosteroids: a diagnostic paradox	216
• 214 - Causa ou Consequência? Um caso de pneumonite induzida por Metotrexato	216
• 215 - Síndrome da escápula alada associada a infeção por Parvovirus B19 - uma associação muito rara	215
• 216 - Espondilodiscite e tenossinovite do tibial anterior - um achado raro, no contexto de infeção por <i>Pasteurella multocida</i>	216
• 223 - Síndrome de Erasmus: uma entidade rara	220
• 224 - An unusual culprit behind joint destruction: a case of syringomyelia-associated Charcot elbow	221
• 227 - Uncommon Skin Manifestations in Adult-Onset Still's Disease: The Role of Histology and Biomarkers	222
• 228 - Silent Adrenals, Cracking Bones: a glucocorticoid-naïve CAH case with osteoporosis	222

Sumário

• 229 - The wrists that wouldn't heal: Refractory Still's Disease requiring bilateral arthrodesis	223
• 231 - A rare case of juvenile-onset IgG4-related disease involving the central nervous system	224
• 235 - Isolated rheumatic manifestations in Whipple disease: an early diagnosis?	225
• 236 - Shoulder Pad Sign: The path to amyloidosis	226
• 238 - The virus on the tip of the tongue: CMV in a Vasculitis patient	226
• 240 - Beyond the usual suspects: Cryptosporidium as a rare cause of diarrhoea in SLE	227
• 248 - A neurological twist in a patient with inflammatory myopathy: A rare case report	228

IMAGENS EM REUMATOLOGIA

• 056 - A rare cutaneous twist in Rheumatoid Arthritis: Palisaded Neutrophilic Dermatitis unveiled	229
• 072 - Beyond the halo in giant cell arteritis – axillary artery complications of subclinical arteritis	229
• 080 - Fotossensibilidade na artrite reumatoide: coincidência ou consequência?	230
• 083 - The tree-like synovium: MRI appearance of Lipoma Arborescens	230
• 097 - Osteitis and pustulosis: two sides of the same story	231
• 103 - Post-traumatic Spondyloarthritis-like Ankylosis and Neurogenic Heterotopic ossification in a young tetraplegic man	232
• 109 - Maxillary Lytic Lesion: a rare presentation of sarcoidosis	232
• 116 - Dactylitis-Like hand swelling without inflammation: an occupational mimic	233
• 122 - Beyond the Big Toe: an atypical gouty tophus in the knee	234
• 191 - Carrot Fracture: Fratura cervical em doente com Espondilite Anquilosante	234
• 204 - Bilateral knee synovial chondromatosis - an atypical case	235
• 217 - Manifestações cutâneas clássicas da Dermatomiosite	235
• 225 - Quisto gangliónico da gordura de Hoffa – uma localização rara	236
• 234 - Onychodystrophy and acroosteolysis as the initial presentation of systemic sclerosis in an elderly woman	236
• 241 - Third time's the charm: a challenging diagnosis of tuberculous trochanteric bursitis	237
• 242 - Monoartrite por micobactéria atípica na Artrite Reumatoide	237
